FOR IMMEDIATE RELEASE

**FETAL HOPE FOUNDATION ANNOUNCES PARTNERSHIP WITH ACTIVE.COM:
PARTNERSHIP TO HELP LEVERAGE NATIONAL RACE SERIES**

Denver, CO – In preparing for its 2009 Race for Fetal Hope National Race Series, the Fetal Hope Foundation will partner with Active.com in a national sponsorship for each of the events. In return, Active.com will be providing its infrastructure to handle our donations and exclusive online event registrations, as well as promoting Fetal Hope as one of its showcase charities through its websites and marketing. The Race for Fetal Hope has grown over the last few years from one host city to now six, as this year's events will take place in Los Angeles, CA, Kirkland, WA, Denver, CO, Charlotte, NC, Houston, TX, and Atlantic Beach, FL.

"We are so pleased to be joining forces with Active.com, who not only will provide to us, to our donors and participants, secured online transactions, but also partnering with us in our important cause," said Lonnie Somers, CEO and Founder of the Fetal Hope Foundation. "Active.com has shown us they care about the community and want to make a difference with this partnership. We are honored to have them involved with us and know we will reach new heights thanks to their involvement."

Active.com serves as an online community for people interested in participating in activities such as team sports, races and recreational activities, fitness and training, or interacting with others who have the same or similar interests, etc. As such, Active.com hosts the world's largest directory of activities featuring over 80 sports in more than 5,000 cities.

"Active is extremely excited about the new partnership with the Fetal Hope Foundation and the Race for Fetal Hope Series. The blending of Active's mission to help encourage and enable participation along with the Race for Fetal Hope's goal of growing exposure to fetal distress and syndromes make this a win-win for both parties," said Lauren Dachille of Active Network. "We are hoping that through our 20 Million current Active Subscribers and the high traffic on our website, we can help bring additional visibility to the cause and make these events a great success."

All proceeds from each Race for Fetal Hope 5k will benefit the Fetal Hope Foundation in supporting its mission and goals for the upcoming years. The organization focuses on providing support, providing information, funding research, increasing awareness, and being an outlet for leading medical information pertaining to fetal distresses and syndromes. For more information on Fetal Hope or the Race for Fetal Hope National Race Series, please contact Talitha McGuinness at 980-721-5799 or visit the site at www.fetalhope.org.
